Career Objective

Motivated Computer Engineering student passionate about web development, artificial intelligence, and machine learning. Eager to apply programming skills and academic knowledge to build innovative solutions and gain industry experience. Seeking opportunities to grow in trending tech fields while contributing to impactful projects.

Education

Bachelor of Engineering (B.E.) in Computer Engineering (Running)

— Nepal (Expected Graduation: 2026)

NEB (Higher Secondary Education) — GPA: 2.44

School Leaving Certificate (SLC) — GPA: 3.04

Skills

Programming Languages: C, C++, Python (Basic), JavaScript

Web Development: HTML, CSS, JavaScript, Django (Beginner)

Other Interests: Machine Learning, Artificial Intelligence

Projects

🔴 Student Management System (Mini Project)

- Developed using Django framework.
- Features: Parents can log in to view student details, track academic progress, and monitor reports.
- Tech Stack: Python (Django), HTML, CSS, JavaScript.

Certifications

JavaScript 5-Day Bootcamp Certificate

Self-learning through various online free resources (Web Development & Python)

Interests

Machine Learning

Artificial Intelligence

Web Development
